How to Balance Your Account

Reconciling your account statement is an important step to ensure that all transactions are correct and accounted for. Reconciling involves comparing the items in your checkbook which the bank has not processed and those on the bank statement but not recorded in your checkbook. Use the steps below to reconcile your checkbook to the bank statement. Glacier Family of Banks also offers an online checkbook reconciliation on each division's website. Type "checkbook" in the Search option to access it.

- Mark off each item against your checkbook. Those not marked will be outstanding items.
- Note any bank or other charges or automatic deposits on the statement, not in your checkbook.
- Fill in the following form to complete reconciliation.

HOW FINANCE CHARGES ARE CALCULATED ON OVERDRAFT CHECKING AND LINES OF CREDIT

- A. Finance charges are imposed on principal advances under your line and begin to accrue on the day an advance is posted to your line: THERE IS NO GRACE PERIOD. We figure (a portion of) the finance charge on your account by applying the periodic rate to the "average daily balance" of your account (including current transactions). To get the "daily balance" we take the beginning balance of your account each day, add any new (purchases/advances/loans), and subtract any payments or credits (and unpaid finance charges). This gives us the daily balance. Then, we add up all the daily balances the billing cycle and divide the total by the number of days in the billing cycle. This gives us the "average daily balance".

B. New Balance Calculation

The New Balance shown on the face of this statement is calculated by (1) Starting with the "Beginning Balance" (the New Balance from the previous month's statement) (2) subtracting total payments and (3) adding total advances (including, if applicable, Credit Life premiums, check printing charges, returned check charges, or any other

miscellaneous charges outlined in your loan agreement) and (4) adding total Finance Charges.

C. Payments

The minimum periodic payment shown on the front of this statement:

- 1) will, in the case of OVERDRAFT PROTECTION LINE OF CREDIT, be automatically deducted from your checking account at the end of each billing cycle normally thirty (30) days or
- 2) must, in the case of LINE OF CREDIT ACCOUNTS, be delivered or mailed with the coupon section of this statement and check, money order or cash to the bank of account.

Payments shall be applied first to any unpaid Finance Charges and second to the principal balance outstanding.
